amused at your un-

fashionable friends

ignorance thanking

you for a hum drum picture

So showing that
praise has been
thrown away on them -

Partners were taboo
to his house and
thinking them so poor
fated always to be born
tough - but all the

while she enjoyed the
conscious tenderness of
your bird she was saying
"well, if this is a partridge
I should like to have them often"
"I never saw such a p -"
le - do this morning
bringing home the proud
scent of a prairie hen

our girl says 'oh, that
is what Miss Weston called
hers' - Pity our greenness
Sont despise it - I don't
let Anne say 'yes, I'd
expect it of folks who
distrust Howard & follow the

horrid D. G. of the Standard
Monsieur Conway plans to go on
Missionary service to — Lord
leaving me to hunt partridge & snails
on our mountains & spreading
our praise bid folks tremble
God bless
